

## **FACT SHEET:**

### Planned Parenthood's 2009-2010 Annual Report<sup>1</sup>

- During fiscal year 2009-2010, Planned Parenthood reported receiving over **\$487 million in taxpayer funding** in the form of government grants, contracts, and Medicaid reimbursements. **Taxpayer funding consists of 46%** of Planned Parenthood's annual revenue.<sup>2</sup>
- In 2010, Planned Parenthood **performed 329,445 abortions**. They reported a total of three million clients, meaning that **11% of all Planned Parenthood clients received an abortion**.
- In 2010, **abortions made up 91% of Planned Parenthood's pregnancy services**, while prenatal care and adoption referrals accounted for only 8.6% (31,098) and 0.2% (841), respectively. For every adoption referral, Planned Parenthood performed 392 abortions.
- By conservative estimates, **abortion procedures account for 46% of Planned Parenthood's clinic revenue**.<sup>3</sup>
- For the first time in Planned Parenthood's history, they reported **over one billion dollars in net assets**.

<sup>2</sup> PPFA reported \$969.9 million in total revenue. This includes non-government health services revenue, government health services grants and reimbursements, private contributions and bequests, support from affiliates, and other operating revenue.

<sup>3</sup> This is a conservative estimate given that that a first trimester abortion costs about \$450.00. Planned Parenthood's website puts the cost at between \$350.00 and \$950.00.  $\$450 \times 329,445 \text{ abortions} = \$148.3 \text{ million}$ . PPFA reported a total of \$320.1 million in non-government health services revenue.
