CAMPAIGN FOR LIFE STRATEGY SUMMIT

THURSDAY, APRIL 11

EARLY BRIEFING

11:30 a.m. – 12:30 p.m.

Depopulation, Eugenics, and the American Future

How the West's policy and practice from the 1960s to the present is undermining our economic prospects and social and cultural well-being.

This briefing will focus on how we got in this mess, whether we are going further or slipping out of it, and the policy dimension of a U.S. and Western world recovery from this decline.

LUNCH BRIEFING

12:30 p.m. – 2:00 p.m.

Protecting the Conscience of Pro-life Taxpayers

Freedom of conscience is under an unprecedented attack in America. Taxpayers are being forced to fund abortion under Obamacare and to subsidize the abortion industry. Religious institutions and business owners of conscience are being forced to pay for coverage of abortion-inducing drugs.

This briefing will discuss how these attacks are being waged and what Americans of conscience must do to fight back.

CAMPAIGN FOR LIFE STRATEGY SUMMIT

FRIDAY, APRIL 12

BREAKFAST BRIEFING

9:00 a.m. – 10:30 a.m.

Training and Developing Pro-life Candidates

Moving forward from 2012's election results, it is imperative that our candidates are able to articulate the truth of the pro-life position, to answer the tough questions from an often hostile media, and be willing to go on the offense for life by pointing out the opposition's extremism.

This briefing will discuss the strategy to aggressively develop pro-life candidates across the country and to equip them with the best resources and training available to fully grasp both the moral ground and the electoral strength of the pro-life position.

Our 6-Point Mission

For two decades, SBA List has worked in the tradition and spirit of the original suffragettes. Susan B. Anthony herself called abortion “child murder.” Alice Paul, author of the original 1923 Equal Rights Amendment, reportedly said the early feminists believed that “abortion is the ultimate exploitation of women.”

We have taken their charge and for twenty years organized, educated, and equipped grassroots activists and Congressional leaders to defend life. Today, we continue our six-point mission, updated with new technologies and larger audiences, to defend unborn lives and strengthen our strategic position in Washington, D.C.

- 1. Elect** pro-life women or men who oppose pro-abortion women to Congress through our SBA List Candidate Fund.
- 2. Educate** voters on critical pro-life issues and on upcoming legislation.
- 3. Train** and equip pro-life activists nationwide to run successful political and grassroots campaigns.
- 4. Promote** positive responses in both traditional and new media to dispel the myths and distortions of the abortion lobby.
- 5. Advocate** passage of pro-life legislation in Congress, directly with legislators and through mobilizing direct citizen lobbying.
- 6. Connect** legislative and electoral consequences through our Votes Have Consequences Program.
